ISSUE

Resolution G-00-20, *STIP Guidelines*, adopted by the California Transportation Commission (Commission) on July 19, 2000, stipulate that funds allocated for the construction phase of local grant projects are available for contract award for a period of 12 months from the date of allocation.

The project listed on the attachment received an allocation of \$950,000 for construction during the 1999-2000 fiscal year. The City of Mountain View has requested an extension to allow sufficient time to resolve outstanding issues that caused unforeseen delays in the project.

RECOMMENDATION

The Department supports the project extension request.

SUMMARY

The Commission has allocated \$950,000 for the project listed on the attachment. The attachment describes progress to date on the project and the delays that have resulted in the extension request.
